Contact phone number 1300 369 315

Contact email supersa@sa.gov.au

Date presented to Treasurer: 30 September 2019

To:

Hon Rob Lucas MLC

Treasurer

This annual report will be presented to Parliament to meet the statutory reporting requirements of *section 33 of the Public Corporations Act 1993 and regulation 23 of the Public Corporations (Southern Select Super Corporation) regulations 2012* and the requirements of Premier and Cabinet Circular PC013 Annual Reporting.

This report is verified to be accurate for the purposes of annual reporting to the Parliament of South Australia.

Submitted on behalf of the Southern Select Super Corporation by:

Gregory Colin Boulton AM

Presiding Member

Date 30/09/19

Signature

From the Presiding Member

It is our pleasure to present the Super SA 2018–19 annual report. It has been a remarkably busy year for the Fund, a year of building capability and strong planning for the future. Our vision and mission is to be truly member focussed and improve member outcomes – doing what is right and striving to exceed member expectations.

A new look Super SA

To deliver the three year corporate strategy Super SA have appointed new Executive Managers – Director, Brand and Member Engagement (Caroline Patrick); Director, Strategy People and Culture (Amanda Spiers) and Director, Finance and Business Transformation (Erin Fitzgerald).

As the leadership team looks ahead, the key focus is to connect with and empower Super SA members to take control of their superannuation.

Investments and product

Investment returns were positive for 2018–19 financial year, with the Select Balanced option returning 7.2 per cent for the year.

At Super SA, we regularly review investment strategies and options available to members to ensure important shifts in investment markets and the superannuation sector are considered.

The review we conducted this year in conjunction with Funds SA has resulted in significant updates to the Balanced option (the default option) with flow-on effects to some of the other options. The new Balanced option design looks to increase the strategic level of growth assets and reduce investment fees over time.

Additionally we reviewed the fee model at Super SA to ensure each scheme is sustainable into the future and that we remain competitive within the \$2.8 trillion Australian superannuation market.

What comes next?

The Fund continues to build capability to deliver new features such as an upgraded call centre which will be functional in early 2020. This will include a new look member service model which will be introduced to members during 2020.

Acknowledgements

Finally, I would like to thank the Board and all Super SA staff for their support and hard work through the year. To all of our members, thank you for supporting us, asking us the tough questions and trusting us to take care of your super and financial future.

I look forward to assisting our members in the coming year and beyond.

Gregory Boulton AM

Presiding Member

Southern Select Super Corporation

Dascia Bennett

Chief Executive

Overview: about the Corporation

Our strategic focus

Our Purpose	To act as trustee of Super SA Select in accordance with its obligations under the <i>Public Corporations (Southern Select Super Corporation) Regulations 2012</i> and administer the trust deed and rules of Super SA Select.
Our Vision	We are uniquely positioned to deliver for all South Australians.
Our functions, objectives and deliverables	<p>Our strategy is to excel and improve member experience whilst being competitive on fees and returns.</p> <p>We have four strategic themes to ensure Super SA will continue to be a viable and dynamic superannuation fund for South Australia.</p> <p>They are:</p> <ul style="list-style-type: none">• Member Engagement – evolve the Fund to become truly member-centric• Future Proofing - Transform the Fund for long-term success• Competitive Product – Deliver positive investment returns for members and broaden investment options, and review and define products for a future competitive market• Brand and People Strategy – Align vision, brand and people.

Our organisational structure

* New position from Feb 2019.

** New position from Aug 2018.

*** New position from Jun 2019. Previous position – Director of Projects and Business Transformation.

The Corporation was established pursuant to the *Public Corporations (Southern Select Super Corporation) Regulations 2012* and is the trustee of Super SA Select. The board is responsible for administering Super SA Select and the management and investment of the fund.

The Corporation comprises five members:

- A presiding member (who is not an employee) appointed by the Governor
- Two members who are appointed by the Governor on the Minister's nomination
- Two members who are elected by scheme members.

Each member's term is for three years. As at 30 June 2019, the Corporation was comprised as follows:

Mr Greg Boulton AM

Presiding Member (Chairman), Southern Select Super Corporation
Appointed by the Governor until 30 November 2021.

Significant Superannuation and Investment experience as a Trustee Director of Statewide Super for 11 years. Thirty years' experience as Managing Director, Director and Chairman of Public and Private Companies. Fellow of Australian Institute of Company Directors and Institute of Chartered Accountants.

Currently Chairman of Southern Gold Limited, Deputy Chairman of Cancer Council of SA and Director of Kangaroo Island Plantation Timbers Ltd and Kogi Iron Limited and Presiding Member, Super SA.

Ms Virginia Deegan

Appointed by the Governor until 30 November 2021.
Executive Director Infrastructure, University of Adelaide. A Fellow of CPA Australia (FCPA).

Presiding Member, Central Adelaide Local Health Network Advisory Council, Director, Life Care Board, Board Member, Super SA.

Ms Alison Kimber

Appointed by the Governor until 30 November 2021.

A qualified actuary and senior executive with over 30 years' experience in the finance, government and not-for-profit sectors where she has successfully led major reform. In 2016 Alison founded her consultancy firm, ak advisory, which provides expert advice on strategy and planning, commercial direction, governance, change leadership and risk management.

Director, Horizon Housing Company and Horizon Housing Solutions; Chair, Uniting Care Wesley Bowden; and Councillor, Australian Institute of Company Directors SA/NT and Board Member, Super SA

Associate Professor William Griggs AM ASM

Appointed by the Governor until 30 November 2021.

Bill Griggs brings to the Board significant leadership and board experience; with expertise in corporate governance, people and culture, superannuation, investment, and insurance. He has a particular interest in managing/coping during times of uncertainty, and in evidence-based decision making.

Current Directorships or equivalent: Director, Funds SA, Investment Committee Member Funds SA, Chair, Motor Accident Commission (to 30 June 2019); Director, Return to Work SA; and Board Member, Super SA.

Mr Richard Dennis AM PSM

Appointed by the Governor until 30 November 2021.

Legal practitioner and consultant; South Australian Parliamentary Counsel 2006-2015; Member, Board of Governors, Walford Anglican School for Girls. Governor of the Wyatt Trust, and Board Member, Super SA.

The positions of the former two member elected members (William Griggs and Jan McMahon) expired on 30 November 2018. The Election process for the member elected positions took place pursuant to the requirements of Schedule 1 of the *Public Corporations (Southern Select Super Corporation) Regulations 2012*. While the Electoral Commissioner attempted to seek nominees for election, the election could not proceed on the basis that no valid nominations were received. As a result, the election was determined to have failed. Pursuant to Regulation 8(2a) of the *Public Corporations (Southern Select Super Corporation) Regulations 2012*, William Griggs and Alison Kimber are taken to have been appointed after due election for a term expiring on 30 November 2021.

Each member, except the Presiding Member, has a deputy appointed by the Governor, who attends meetings in their absence. As at 30 June 2019, the deputy members were:

- Ms Elizabeth Hlipala, Deputy to Ms Virginia Deegan (appointed until 30 November 2021)
- Ms Leah York, Deputy to Dr William Griggs (appointed until 30 November 2021)
- Mr John Wright, Deputy to Richard Dennis (appointed until 30 November 2021)
- Ms Amanda Heyworth, deputy to Alison Kimber (appointed 30 November 2021).

All members and deputy members serve in a part-time capacity.

Board members can attend a variety of national conferences and education seminars. During the 2018-19 year, Board members attended the Association of Superannuation Funds of Australia (ASFA) Conference and the Conference of Major Superannuation Funds (CMSF). The Presiding Member attended a Governance Summit organised by the Australian Institute of Company Directors.

Our Minister

The Hon Rob Lucas MLC, Treasurer, oversees the administration of Super SA Select.

Legislation administered by Super SA on behalf of the Corporation

The Corporation is established and governed pursuant to the *Public Corporations (Southern Select Super Corporation) Regulations 2012*. The Corporation, as trustee is responsible to the Treasurer for all aspects of the administration of the *Public Corporations (Southern Select Super Corporation) Regulations 2012*. The SA Select is administered pursuant to a trust deed and rules.

The Southern Select Super Corporation Charter has been prepared in accordance with regulation 15 of the *Public Corporations (Southern Select Super Corporation) Regulations 2012*. The functions of the Corporation are described in Regulation 13.

The South Australian and Commonwealth Governments have entered into a Heads of Government Agreement to enable certain public sector schemes to be exempt from the Commonwealth's *Superannuation Industry (Supervision) (SIS) Act 1993*. Each scheme is, however, deemed to be a complying fund in terms of the SIS Act, for superannuation guarantee purposes under the *Superannuation Guarantee (Administration) Act 1992* and for income tax purposes under the *Income Tax Assessment Act 1936*. In terms of the Agreement, the South Australian Government has made a commitment to use best endeavours to ensure that the exempt public sector schemes conform to the principles of the Commonwealth's retirement income policy objectives.

Other related agencies (within the Minister's area/s of responsibility)

Super SA

On behalf of the Corporation, the State Superannuation Office (Super SA) is responsible for administering Super SA Select in accordance with its trust deed and rules.

This arises from the *Public Corporations (Southern Select Super Corporation) Regulations 2012*, which enables the Corporation to make use of the staff or facilities of an administrative unit of the SA Public Sector, with the approval of the Minister of that administrative unit. Super SA, a branch of the Department of Treasury and Finance, provides administrative services to the Corporation.

The annual budget for the operation of Super SA is presented to the Corporation for its approval. In determining the budget, a management plan for the provision of services is prepared each financial year.

The Corporation's service level contract with the Chief Executive of the Department of Treasury and Finance sets out specific performance standards. The contract expires on 17 December 2022.

The use of consultants, contractors, WHS reporting and executive employment statistics are included in the Department of Treasury and Finance's Annual Report.

Funds SA

In accordance with the *Public Corporations (Southern Select Super Corporation) Regulations 2012*, the Corporation is responsible for the investment and management of the fund and must prepare an investment policy statement and set the risk/returns objectives and asset allocation policies to be adopted. In fulfilling these obligations, the Corporation consults with the Superannuation Funds Management Corporation of South Australia (Funds SA). Funds SA implements the Corporation's investment policy statement and strategies as agent.

Funds SA prepares an annual Performance Plan, which outlines planned initiatives and proposed strategies.

The current Memorandum of Agreement between Funds SA and the Office was executed in May 2019. The agreement is reviewed on a three yearly basis or when a significant change occurs.

The agency's performance

Performance at a glance

Super SA performance is assessed continuously against the agency's key objectives at every quarter. This will ensure the projects and initiatives carried out through the year are aligned to meet the key objectives.

Under the Brand and Member Engagement department, Super SA has conducted several initiatives and marketing campaigns to increase our members' awareness of Super SA products, member communications and improve our product offering against what is offered in the industry.

At the end of the financial year, the Select scheme has achieved 'Above industry benchmark status' on five of the six assessed categories (Fee and Charges, Insurance Covers and Costs, Member Servicing, Administration and Governance) (SuperRatings Select June 2019)

Agency specific objectives and performance

Agency objectives 2018-19	Indicators	Performance
Introduce the early release of superannuation on compassionate and hardship grounds.	Introduce the early release of superannuation on compassionate and hardship grounds.	A facility to permit Triple S members and post retirement investors to access their superannuation early on financial hardship or compassionate grounds was introduced on 3 September 2018. This was a welcomed feature of the scheme and aligns Triple S with other state government superannuation schemes. A membership exclusion for certain categories of persons earning less than \$450 per month was also removed from Triple S rules.

Targets 2019-20

- Implement a default investment option review in conjunction with Funds SA.
- Conduct a review of the contact centre and modernise the telephony system.

Financial performance

Financial performance at a glance

The following is a brief summary of the overall financial position of the agency. The information is unaudited. Full audited financial statements for 2018-19 are attached to this report.

The value of total assets under management at 30 June 2019 was \$9.4 million, a 49 percent increase from the \$6.3 million under management at 30 June 2018.

Other financial information

The number of Super SA Select members at 30 June 2019 was 111 (97 active members and 14 retained members). Membership reduced from 114 at 30 June 2018 (107 active members and 7 retained members).

Member balances at 30 June 2019 were \$8,880,000 compared with \$5,963,000 at 30 June 2018.

Other information

In establishing Super SA Select, the Southern Australian Superannuation Board agreed to provide funding of up to \$500,000 from its Capital and Development Reserve account. The repayment of the loan by the Corporation from Super SA Select, together with interest, is in accordance with Schedule 2 of the *Public Corporations (Southern Select Super Corporation) Regulations 2012*.

Risk management

Risk and audit at a glance

The Super SA Governance and Risk Team are responsible for oversight of risk management, compliance, anti-money laundering and counter-terrorism financing program, incident management and business continuity management. The Team also manage Internal Audit reviews conducted by an external provider.

Fraud detected in the agency

No instances of fraud were detected during 2018-18.

Strategies implemented to control and prevent fraud

To ensure a strong control environment exists to prevent the occurrence of fraud, the Super SA Office has implemented strong monitoring and validation controls over benefit payments, including verification with members of large benefit payment requests, validation of proof of identity prior to payment, and independent review and authorisation of all benefit payments.

Regular information is provided to the Corporation Board from internal and external audit, the Audit, Risk and Finance Committee and the Chief Executive.

The Super SA Office maintains a Risk management Strategy and Plan; a Business Continuity Framework and Plan; an Internal Audit Plan; a Compliance Framework and an Anti-Money Laundering and Counter-Terrorism Financing (AML/CTF) Program.

Whistle-blowers disclosure

Number of occasions on which public interest information has been disclosed to a responsible officer of the agency under the *Whistleblowers Protection Act 1993*:

Nil

Reporting required under any other act or regulation

Act or Regulation	Requirement
<i>Freedom of Information Act 1991</i>	During 2018–19, no formal applications were received requesting access to information under this Act. All other requests to access copies of documentation were informal.

Act or Regulation	Requirement
<i>Superannuation (Unclaimed Money and Lost Members) Act 1999 (Cwth Act)</i>	<p>The Corporation is required to report and pay unclaimed money entitlements to the ATO twice per year in accordance with this Commonwealth legislation.</p> <p>Payments for Super SA Select were not made for reporting periods ending 31 October 2018 and 30 April 2019, as there is a system defect preventing this ability. We have advised the ATO of this issue, and as these schemes are not prescribed Public Sector Schemes for the purpose of Unclaimed Money legislation, we are not in breach of the legislation.</p>

Public complaints

Number of public complaints reported

Number of positive feedback comments	0
% complaints resolved within Super SA Board's policy timeframes (45 days)	100%
% complaints resolved within DTF's policy timeframes (28 days)	100%

Service improvements for period

Service improvements that responded to customer complaints or feedback

- Introduction of early release of super on the grounds of financial hardship or compassionate grounds, as outlined in the agency specific objectives and performance above
- Continuous enhancements to the administration system
- Forms and fact sheets updated in response to customer feedback
- A Board policy was updated to allow the office more ability to approve the payment of low balances in respect to deceased accounts, without the need for provision of Probate or Letters of Administration
- Increase in communication to members via the Super SA website regarding updates, online portal access, changes to insurance etc.
- An option was added to the call centre telephone queue to enable members calling regarding the online portal to be directed to staff specifically assigned to assist
- A number of additional staff were appointed to the Member Services team to assist with member enquiries
- An additional staff member was appointed to the Policy and Complaints team.

**To the Presiding Member
Southern Select Super Corporation**

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987* and section 32(4) of the *Public Corporations Act 1993*, I have audited the financial report of Super SA Select for the financial year ended 30 June 2019.

Opinion

In my opinion, the accompanying financial report gives a true and fair view of the financial position of Super SA Select as at 30 June 2019, its financial performance and its cash flows for the year then ended in accordance with the Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards.

The financial report comprises:

- a Statement of Financial Position as at 30 June 2019
- an Income Statement for the year ended 30 June 2019
- a Statement of Changes in Member Benefits for the year ended 30 June 2019
- a Statement of Changes in Equity for the year ended 30 June 2019
- a Statement of Cash Flows for the year ended 30 June 2019
- notes, comprising significant accounting policies and other explanatory information
- a Certificate from the Presiding Member of the Southern Select Super Corporation, the Chief Executive, State Superannuation Office and the Director, Finance and Business Transformation, State Superannuation Office.

Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of Super SA Select. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants* have been met.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Chief Executive, State Superannuation Office and members of the Southern Select Super Corporation for the financial report

The Chief Executive, State Superannuation Office is responsible for the preparation of the financial report that gives a true and fair view in accordance with the Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and that is free from material misstatement, whether due to fraud or error.

The members of the Southern Select Super Corporation are responsible for overseeing the entity's financial reporting process.

Auditor's responsibilities for the audit of the financial report

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Super SA Select's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Chief Executive, State Superannuation Office

- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Chief Executive, State Superannuation Office and the Presiding Member Southern Select Super Corporation about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

Andrew Richardson
Auditor-General

Super SA Select

Notes to the Financial Statements

1. Objectives and funding

(a) *Super SA Select*

In 2012, the Commonwealth passed the *Tax Laws Amendment (Stronger, Fairer, Simpler and Other Measures) Act 2012*, which introduced a new superannuation benefit for low income earners. This measure provides a superannuation benefit for low income earners of up to \$500 annually for individuals on adjusted taxable incomes of up to \$37 000.

The low income tax benefit is only available to members of taxed superannuation funds. The Southern State Superannuation Scheme (The Triple S Scheme), regulated by the *Southern State Superannuation Act 2009*, is not a taxed superannuation fund and therefore members of the Triple S Scheme are not eligible for the low income tax benefit.

Under the Super SA Select Deed (the Deed) the Minister for Finance established Super SA Select (the Fund), a taxed accumulation superannuation fund.

The Fund is an indefinitely continuing superannuation fund that is maintained for the purpose of providing retirement and other benefits to members.

The Fund consists of all cash, investments, earnings and other property held from time to time by or on account of the Trustee upon the trusts of this Deed.

The Trustee may determine that beneficial interests in the Fund will be represented by units and that earnings of the Fund will be allocated by way of movements in the value of the units.

An employer is required to pay contributions to the Treasurer under section 21 of the Act. The employer contributes 9.50 per cent (2018: 9.50) of salary where the member has elected to contribute less than 4.5 per cent of salary. Where the member has elected to contribute 4.5 per cent or more of salary, the employer must contribute at a rate of 10 per cent.

The Fund is an exempt public sector superannuation entity and operates on a not for profit basis.

(b) *Southern Select Super Corporation*

The Southern Select Super Corporation (the Trustee) was established on 1 December 2012 as a subsidiary of the Minister for Finance (now the Treasurer), pursuant to the Public Corporations (Southern Select Super Corporation) Regulations 2012 (the Regulations), and was established under section 24 of the Public Corporations Act 1993 to act as Trustee of the Fund.

The Trustee has complete management and control of all proceedings and matters in connection with the Fund and may do all that it considers necessary, desirable or expedient for the proper administration, maintenance and preservation of the Fund and in the exercise of the powers and the performance of the duties of the Trustee.

In accordance with regulation 14 of the Regulations, the Trustee is responsible for the investment and management of the Fund. The Trustee must prepare an investment policy statement for the purposes of the Fund and must, in connection with the statement, set the risk and return objectives and asset allocation policies to be adopted with respect to the management and investment of the Fund.

In setting the risk and return objectives and asset allocation policies to be adopted, the Trustee must consult with the Superannuation Funds Management Corporation of South Australia (Funds SA).

(c) *Superannuation Funds Management Corporation of South Australia*

The investment manager of the Fund is Funds SA and in accordance with regulation 14 of the Regulations implements the investment policy statement and strategies as agent for the Trustee. Funds SA is a South Australian Government Entity established under the Superannuation Funds Management Corporation of South Australia Act 1995. The Fund is not Crown property and therefore operates in a taxed environment.

For further information on investment activities, reference should be made to the annual report of Funds SA. The financial report of Funds SA discloses the investment assets, liabilities, income and expenses relating to the investment activities of Funds SA.

(d) *Funding arrangements*

The Trustee receives payments from, or on behalf of, members of the Fund and maintains accounts for each member in accordance with the Deed. All amounts received from, or on behalf of, members of the Fund are to be paid into a fund maintained by the Trustee. Payments are to be made from the Fund as required under the Deed or rules of the Fund or under an Act of the State or the Commonwealth.

(e) *Benefit entitlements*

Benefit entitlements are specified by the Regulations, the Deed and the Super SA Select Business Rules.

2. Significant accounting policies

(a) *Basis of accounting*

This financial report is a general purpose financial report. The financial statements have been prepared in accordance with relevant Australian Accounting Standards, and other authoritative pronouncements of the Australian Accounting Standards Board, Treasurer's Instructions and Accounting Policy Statements promulgated under the provision of the *Public Finance and Audit Act 1987* (PFAA), except as provided below.

This financial report has been prepared on the basis of fair value measurement of assets and liabilities, except where otherwise stated.

This financial report is presented in Australian currency and all amounts have been rounded to the nearest thousand dollars (\$000).

The Fund is a not-for-profit entity for the purpose of preparing financial statements.

(b) *Impact of standards and statements not yet effective*

Certain new accounting standards and interpretations have been published that are not mandatory for the 30 June 2019 reporting period. The assessment of the impact of these new standards and interpretations is set out below.

Super SA has assessed the impact of new and changed Australian Accounting Standards Board Standards and Interpretations on behalf of the Fund. There are no Accounting Policy Statements that are not yet effective. The material impacts on the Fund are outlined below.

AASB 15 – Revenue from Contracts with Customers

AASB 15 introduces a 5-step approach to revenue recognition. The objective of AASB 15 is that recognition of revenue depicts the transfer of promised goods or services to customers in an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services. It provides extensive guidance as to how to apply this revenue recognition approach to a range of scenarios. *AASB 15 – Revenue from Contracts* replaces *AASB 111 – Construction Contracts* and *AASB 118 – Revenue*.

AASB 1058 – Income of Not for Profit Entities

AASB 1058 introduces consistent requirements for the accounting of non-reciprocal transactions by not-for-profit entities, in conjunction with AASB 15. These requirements closely reflect the economic reality of not-for-profit entity transactions that are not contracts with customers. AASB 1058 replaces parts of *AASB 1004 – Contributions*.

Super SA has assessed the impact of the new rules on behalf of the Fund and determined that there will be no material impact on the financial statements as a result of *AASB 15 – Revenue from Contracts with Customers* and *AASB 1058 – Income of Not for Profit Entities*.

AASB 16 – Leases

AASB 16 is first applicable for the year ending 30 June 2020. Assets and liabilities are to be reported on the statement of financial position for all leases with a term of more than 12 months, even if they were previously classified as an operating lease.

The Fund has no operating leases, and Super SA has assessed the impact of the new standard on the Fund, and has determined there will be no material impact on the Fund's financial statements.

(c) *Financial assets and liabilities*

(a) *Classification*

The Fund classifies its financial assets and financial liabilities into the categories below in accordance with AASB 9.

Financial assets and liabilities held for trading

These assets are acquired principally for the purpose of generating a profit from short-term fluctuation in price. All derivatives are classified as held for trading. Derivative financial instruments entered into by the Fund, if any, do not meet the hedge accounting criteria as defined by AASB 9. Consequently hedge accounting is not applied by the Fund.

Financial instruments designated at fair value through profit or loss upon initial recognition

These financial assets are designated on the basis that they are part of a group of financial assets which are managed and have their performance evaluated on a fair value basis in accordance with risk management and investment strategies of the Fund.

Other financial liabilities

This category includes all financial liabilities, other than those classified at fair value through profit or loss. Other financial liabilities are measured at their nominal amounts. Amounts are generally settled within 30 days of being recognised as other financial liabilities. Given the short-term nature of other financial liabilities, the nominal amount approximates fair value.

(b) *Recognition*

The Fund recognises a financial asset or a financial liability when, and only when, it becomes a party to the contractual provisions of the instrument.

Super SA Select

Purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the marketplace are recognised on the trade date, i.e. the date that the Fund commits to purchase or sell the asset.

(c) Initial recognition

Financial assets and financial liabilities at fair value through profit and loss are recorded in the statement of financial position at fair value. All transaction costs for such instruments are recognised directly in the income statement.

Receivables and financial liabilities (other than those classified at fair value through profit or loss) are measured initially at their fair value plus any directly attributable incremental costs of acquisition or issue.

For financial assets and liabilities where the fair value at initial recognition does not equal the transaction price, the Fund recognises the difference in the income statement, unless specified otherwise.

(d) Subsequent measurement

After initial measurement, the Fund measures investments at fair value through profit or loss. Subsequent changes in the fair value of those investments are recorded as ‘changes in assets measured at fair value’ through the income statement. Interest earned is recorded in ‘Interest revenue’.

(e) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Fund.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

The Fund uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy. Refer to financial statements note 5.

(f) Cash and cash equivalents

Cash and short-term deposits in the statement of financial position comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purposes of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits as defined above.

(g) Receivables and payables

Receivables are carried at nominal amounts due that approximate fair value. Receivables are normally settled within 30 days. Payables are carried at nominal amounts that approximate fair value. They represent liabilities for goods and services provided to the Fund prior to the end of the financial year that are unpaid when the Fund becomes obliged to make future payments in respect of the purchase of these goods or services.

(h) Benefits payable

Benefits payable are valued at fair value and relate to members who have ceased employment and provided the Fund with appropriate notification on or prior to 30 June 2019 but paid after 30 June 2019.

(i) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured, regardless of when the payment is received. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duty. The specific recognition criteria described below must also be met before revenue is recognised:

Changes in fair values

Changes in the fair value of investments invested with Funds SA are calculated as the difference between the fair value at sale, or at balance date, and the fair value at the previous valuation point. All changes are recognised in the income statement.

Interest

Interest revenue on cash and other financial assets carried at fair value is recorded according to the terms of the contract and recognised in the income statement.

Super SA Select

(j) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except:

- When the GST incurred on a sale or purchase of assets or services is not payable to or recoverable from the Australian Taxation Office (ATO), in which case the GST is recognised as part of the revenue or the expense item or as part of the cost of acquisition of the asset, as applicable; or
- When receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the statement of financial position. Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the ATO.

Cash flows are included in the statement of cash flows on a gross basis. The GST component of cash flows arising from investing activities, which is recoverable from, or payable to, the ATO are classified as operating cash flows.

(k) Foreign currency

The functional and presentation currency of the Fund is Australian Dollars, which is the currency of the primary economic environment the Fund operates. The Fund's performance is evaluated and its liquidity managed in Australian Dollars. Therefore, the Australian Dollar is considered as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions.

(l) Investments

Funds SA provides investments measured at fair value. Below is the basis for valuation of these investments.

(i) Inflation Linked Securities B

The Inflation Linked Securities portfolio invests in discretely managed portfolios and internal inflation linked securities. Discretely managed portfolios are invested and managed by external managers. Discretely managed portfolios have been valued by the custodian appointed to hold the assets using market prices applicable at balance date.

Internally managed inflation linked securities, the returns of which are linked to movements in either the Consumer Price Index or Average Weekly Earnings, have been valued using the discounted cash flow method. The valuation as at balance date was performed by an independent valuer.

(ii) Property B

The Property B portfolio comprises two sub-sectors:

Listed Property Trusts

These investments comprise arrangements whereby professional fund managers are appointed under an investment management agreement to manage and invest in listed property securities and real estate investment trusts. Investments in this sub-sector are in pooled funds and have been valued in accordance with the valuations supplied by the managers.

Unlisted property vehicles

The unlisted property vehicles portfolio is invested and managed by external managers. Investments in this sub-sector have been valued in accordance with the valuations supplied by the managers.

(iii) Australian Equities B

The Australian Equities B portfolio comprises investments in listed Australian equities, and is invested and managed by external managers. Discretely managed portfolios have been valued by the custodian appointed to hold the assets using market prices applicable at balance date. Investments in pooled listed Australian equities funds have been valued in accordance with the valuations supplied by the managers.

(iv) International Equities B

The International Equities B portfolio comprises investments in equities listed on international share markets, and is invested and managed by external managers. Discretely managed portfolios have been valued by the custodian appointed to hold the assets using market prices applicable at balance date. Investments in pooled international vehicles have been valued in accordance with the valuations supplied by the managers. Currency conversions have been made at the spot market mid-rates applicable at balance date where applicable.

(v) Short Term and Long Term Fixed Interest

The Short Term and Long Term Fixed Interest portfolios have exposure to domestic and global debt instruments and is managed by external managers. The custodian appointed to hold the assets has valued the portfolio using market prices applicable at balance date.

Super SA Select

(vi) Diversified Strategies Growth B

The Diversified Strategies Growth B portfolio comprises investments in Australian and international private equity funds and Australian and international pooled funds, which are invested and managed by external managers. The valuation of private equity investments is based on the most recent valuation performed by the fund managers plus or minus cash flows between the last valuation date and the reporting date. Both Australian and international private equity valuations are generally in accordance with the International Private Equity and Venture Capital Valuation Guidelines (December 2018). Investments in the pooled funds have been valued in accordance with the valuations supplied by the managers. Currency conversions have been made at the spot market mid-rates applicable at balance date where applicable.

(vii) Diversified Strategies Income

The Diversified Strategies Income portfolio comprises investments in discretely managed investments and Australian and international pooled funds, and is invested and managed by external managers. Discretely managed portfolios have been valued by the custodian appointed to hold the assets using market prices applicable at the balance date. Investments in the pooled funds have been valued in accordance with the valuations supplied by the managers. Currency conversions have been made at the spot market mid-rates applicable at balance date where applicable.

(viii) Cash

Investments in externally managed pooled cash funds have been valued in accordance with the valuations supplied by the managers. Deposits at call have been valued on the basis of principal plus accrued interest.

(m) Operation of investment portfolio

Funds SA is responsible for the investment and management of the Fund's funds pursuant to strategies formulated by Funds SA (refer Note 1 (c)). Funds SA operates a multi-layered notional unitisation structure to facilitate the administration of different investment strategies applying to the various public sector superannuation funds. For the year ending 30 June 2019, Funds SA managed two separate investment options pertaining to the Fund distinguished by differing strategic asset allocations, namely:

- Balanced
- Cash

During the financial year both these investment options were available to Super SA Select Fund members.

Reference should be made to Funds SA's Annual Report for the strategic asset allocations applying to each of the investment options discussed in the preceding paragraphs.

(n) Income tax

The Fund commenced on 1 December 2012 and is subject to a concessional tax treatment at the rate of 15 per cent.

Current tax

Tax is calculated by reference to the amount of income tax payable or recoverable in respect of the taxable benefits accrued for the period. It is calculated using tax rates and tax laws that have been enacted or substantively enacted by reporting date. Current tax for current and prior periods is recognised as a liability (or asset) to the extent that it is unpaid (or refundable).

Deferred tax

Deferred tax is accounted for using the comprehensive balance sheet liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial report and the corresponding tax base of those items.

In principle, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that sufficient taxable amounts will be available against which deductible temporary differences or unused tax losses and tax offsets can be utilised. However, deferred tax assets and liabilities are not recognised if the temporary differences giving rise to them arise from the initial recognition of assets and liabilities which affect neither taxable income nor accounting profit.

Deferred tax assets and liabilities are measured at the tax rates that are estimated to apply to the period(s) when the asset and liability giving rise to them are realised or settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by reporting date. The measurement of deferred tax liabilities and assets reflect the tax consequences that would follow from the manner in which the Fund expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the Fund intends to settle its current tax assets and liabilities on a net basis.

Super SA Select

(o) Significant accounting judgements, estimates and assumptions

The preparation of the Fund's financial statements requires management to make judgments, estimates and assumptions that affect the amounts recognised in the financial statements. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

The significant accounting policies have been consistently applied in the current financial year and the comparative period, unless otherwise stated. Where necessary, comparative information has been presented to be consistent with current period disclosures.

The Fund implemented a change in presentation of the Statement of Changes in Member Benefits in 2018-19 to more clearly represent the movement in member benefits. The change in presentation did not affect the 2017-18 comparative closing balance (as at 30 June).

Fair value of investments

When the fair values of the investments recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including a discounted cash flow model. The inputs in these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required to establish fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

Changes in assumptions about these factors could affect the reported fair value of these investments.

3. Member liabilities

Member benefits has an accrued liability that is the balance of the employees' contribution accounts as at the end of the financial year. These accounts are valued using unit prices that are determined by the underlying investment movements.

Super SA Select members bear the investment risk relating to the underlying assets and unit prices used to measure the member liabilities. Unit prices are updated daily.

	2019 \$000	2018 \$000
Members liability at end of financial year	8 880	5 963
As compared to net assets available to pay benefits	8 486	5 647

4. Receivables

	2019 \$000	2018 \$000
Refund from ATO for GST	1	1
Transfer rollover from another Scheme	82	-
	83	1

5. Fair value of financial instruments

Classification of financial instruments under the fair value hierarchy

AASB 13 requires disclosures relating to fair value measurements using a three-level fair value hierarchy. The level within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement. Assessing the significance of a particular input requires judgement, considering factors specific to the asset or liability. The following table shows financial instruments recognised at fair value, categorised between those whose fair value is based on:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Valuations are the responsibility of the Trustee. The valuation of investments is performed on a daily basis and are subject to quality assurance procedures. After the checks above have been performed the Trustee considers the valuation results, including assumptions used in the valuations.

The Trustee also considers the appropriateness of the valuation methods and inputs, and may request that alternative valuation methods are applied to support the valuation arising from the method chosen.

Super SA Select

Valuation technique

The Fund's investments are not quoted in an active market. To ensure fair value can be determined, the Fund's investment manager, Funds SA, applies due diligence and considers valuation techniques and inputs used in valuing the funds, prior to investing. In measuring fair value, consideration is given to the amounts for which financial assets can be sold, excluding transaction costs. The Fund classifies these funds as Level 2.

There were no changes in valuation techniques during the year.

Classification of investments under the fair value hierarchy - Level 2	2019	2018
Level 1 and level 3 are not relevant to the Fund	\$000	\$000
Unlisted managed investment fund	9 393	6 299
Funds SA	<u>9 393</u>	<u>6 299</u>

Classification of loans under the fair value hierarchy - Level 2	2019	2018
Level 1 and level 3 are not relevant to the Fund	\$000	\$000
Loan from South Australian Superannuation Board	556	548
	<u>556</u>	<u>548</u>

6. Movement in the value of investments

	2019	2018
	\$000	\$000
Investments at 1 July	<u>6 299</u>	<u>3 726</u>
Funds SA Investment - Balanced	3 024	2 558
Funds SA Investment - Cash	70	15
Change in investments	<u>3 094</u>	<u>2 573</u>
Investments at 30 June	<u>9 393</u>	<u>6 299</u>

7. Contributions receivables

	2019	2018
	\$000	\$000
Member contributions receivable	2	-
Employer contributions receivable	15	-
	<u>17</u>	<u>-</u>

8. Payables

	2019	2018
	\$000	\$000
Audit fees	9	9
Transfer rollover to another Scheme	245	172
	<u>254</u>	<u>181</u>

Super SA Select

9. Loan from South Australian Superannuation Board

At the 8 June 2012 Board meeting, the South Australian Superannuation Board (the Board) agreed to provide funding of \$500,000 from its Capital and Development Reserve account for the purpose of establishing the Fund.

The terms of the loan are set out in Schedule 2 of the Regulations and the tri-partite Funding Deed between the Board, the Minister for Finance (now Treasurer) and the Trustee. The Funding Deed was executed on 28 June 2013 with a drawdown date of 5 July 2013.

The repayment of the loan by the Trustee from the Fund, together with interest, will be in accordance with Schedule 2 of the Regulations. If at the end of the financial year the Fund has a net surplus, the interest payable for that year must be paid on or before 31 July of the following financial year. If the Fund does not have a net surplus at the end of the financial year, the interest payable for that year will be capitalised into the principal amount owing. At the end of 2017-18 the Fund did not have a net surplus, therefore the amount of interest capitalised into the principal amount for 2018-19 was \$8 000 (2018: \$7 000).

	2019 \$000	2018 \$000
Loan payable opening balance	548	541
Interest	8	7
Loan payable closing balance	<u>556</u>	<u>548</u>

Principal repayments are required when administration fees charged to members for the financial year exceed the cost of the administration of the Fund (other than investment management charges). For 2018-19 there was no principal repayment required.

10. Allocated to members' accounts

The value of funds which have been formally allocated to investor accounts equals the member benefits as per Note 3. The formal allocation of earnings to investors' accounts has been determined for the 2018-19 financial year.

11. Income tax

	2019 \$000	2018 \$000
(a) Major components of tax expense		
Current income tax		
Current tax charge	10	6
Adjustment to current tax for prior periods	16	1
Deferred income tax	(13)	-
Relating to the originating and reversal of temporary differences	<u>27</u>	<u>25</u>
	<u>40</u>	<u>32</u>
(b) Income tax expense		
Reconciliation between income tax expenses and the accounting profit before income tax		
Net result from operating activities before tax	(56)	46
Tax applicable at the rate of 15% (2018: 15%)	(8)	7
Tax effect of expenses that are not assessable/or deductible in determining taxable income:		
Investment revenue	(17)	(16)
Tax effect of other adjustments:		
Imputation and foreign tax credits	(36)	(12)
Net benefit allocated to member accounts	98	52
Over provision prior period	3	1
Income tax expense	<u>40</u>	<u>32</u>
(c) Current tax liabilities		
Current years income tax provision	163	214
Current tax liability	<u>163</u>	<u>214</u>

Super SA Select

(d) Deferred tax liability

The amount of deferred tax liability recognised in the Statement of Financial Position at reporting date comprises:

Accrued expenses	(1)	(1)
Unrealised capital losses/(gains) carried forward (discounted)	75	61
Deferred tax liability	74	60

The Fund offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets.

12. Investment Expenses

	2019	2018
	\$000	\$000
Investment expenses	46	36

Investment expenses comprise fees paid to Funds SA. Funds SA advises the amount applicable to the Fund based on the Fund's investment.

13. Administration Expenses

	2019	2018
	\$000	\$000
Administration expenses ⁽ⁱ⁾	17	10

(i) Administration expenses incurred by the Trustee in administering the Fund are met in the first instance from the Department of Treasury and Finance Operating Account. The Department of Treasury and Finance seeks reimbursement from the Trustee monthly. The charges are based on actual costs of administering the Fund.

Section 7 of the Deed provides for an administrative charge to be debited each year to the Members' account. The purpose of this charge is to provide for existing and future costs of administering the Fund. The amount of the charge is determined by the Trustee. For the year ended 30 June 2019, the charge was \$1.35 per week. Per member for all members, active and non-active. The charge for a member with an aggregate balance of \$1 000 or less is the lesser of investment earnings or \$1.35 per week, with a minimum annual administration fee of \$10. This charge is included on member annual statements.

Administration expenses include Auditor's remuneration - refer note 14.

14. Auditors' Remuneration

	2019	2018
	\$000	\$000
Audit fees	9	15
	<hr/>	<hr/>
	9	15

Audit fees paid or payable to the Auditor-General's Department relating to work performed under the PFAA were \$8 800 GST exclusive (2018: \$15 100). No other services were provided by the Auditor-General's Department.

Super SA Select

15. Reconciliation of Cash

	2019 \$000	2018 \$000
Cash and Cash Equivalents	<u>181</u>	<u>350</u>
Reconciliation of net cash from operating activities		
Net operating result	(96)	14
Adjustments for:		
Changes in investments measured at fair value	(693)	(443)
Investment expense	46	36
(Decrease)/increase in payables	(10)	14
Allocation to members' accounts	<u>684</u>	<u>349</u>
Net cash used in operating activities	<u>(69)</u>	<u>(30)</u>

16. Financial risk management objectives and policies

The Fund's investments are managed by Funds SA predominantly by the appointment of investment managers as determined by the Funds SA Board. Each investment manager is required to invest the assets in accordance with the terms of a written mandate. The Funds SA Board has determined that the appointment of these managers is appropriate for the Fund and is in accordance with the Fund's investment strategy. The Funds SA Board obtains regular reports from each manager on the nature of the investments made on its behalf and the associated risks.

The allocation of assets between the various types of financial instruments is determined by the Funds SA Board. Divergence from target asset allocations and the composition of the portfolio is monitored by the Funds SA Board on a regular basis.

The Fund's investing activities expose it to the following risks from its use of financial instruments:

- market risk
- credit risk
- liquidity risk

The nature and extent of the financial instruments employed by the Fund are discussed below. This note presents information about the Fund's exposure to each of the above risks, the Fund's objectives, policies and processes for measuring and managing risk.

The Funds SA Board has overall responsibility for the establishment and oversight of the Fund's investment risk management framework.

The Fund's investment risk management policies are established to identify and analyse the risks faced by the Fund, including those risks managed by the Fund's investment managers, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The Trustee receives regular reports from Funds SA concerning compliance with the Fund's investment objectives.

(a) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Fund's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

I. Currency risk

Currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of a change in foreign exchange rates.

The Fund's currency risk is managed by Funds SA as investments include assets denominated in foreign currencies.

Funds SA strategic policy for the management of its foreign currency exposure is as follows:

- Foreign currency exposures in the diversified strategies (growth), diversified strategies (income) and fixed interest asset sectors are fully hedged to Australian dollars.
- Foreign currency exposures over the developed markets component of the international equities asset class are 40 per cent hedged to Australian dollars. In addition, up to 25 per cent of the international equities asset class may be hedged by the equities managers.

For the purpose of managing foreign currency risk, within defined constraints, the exposure to foreign currency can be varied from the strategic policy stated above, by Funds SA.

Super SA Select

II. Interest rate risk

Interest rate risk is the risk that a movement in interest rates will cause the value of fixed interest securities to deviate from expectations.

The Fund's interest rate risk is managed by Funds SA, as investments include fixed interest securities.

Funds SA manages interest rate risk through:

- Ensuring asset allocations of different investment products are consistent with the time horizon of each.
- The use of specialist external investment managers to manage Funds SA's cash and fixed income portfolios.
- The Fund's receivables and payables are non-interest bearing. The carrying amounts of these assets approximate to fair value.

III. Other market price risk

Other market price risk is the risk that the value of the instrument will fluctuate as a result of changes in market prices, whether caused by factors specific to an individual investment, its issuer or factors affecting all instruments traded in the market.

As the Fund's financial instruments are valued at fair value with changes in fair value recognised in the Income Statement, all changes in market conditions will directly affect investment revenue.

The Fund's other market price risk is managed by Funds SA, as investments include financial instruments exposed to market prices.

Funds SA manages the risk of financial market volatility through the adherence to two principles:

- Ensuring a diversity of exposures to different financial markets and sub markets.
- Ensuring asset allocations for different investment options are consistent with the time horizon of each.

IV. Investments sensitivity analysis

The Funds SA Board has determined that its forecast risk/return profile provides a reasonable measure of the sensitivity of the expected returns in each investment asset class. The following tables show the standard deviation around expected nominal returns for each asset class.

	Average Return	Market Risk	Average FUM	Potential impact of market risk (+/-) on Income Statement
2019				
Investment option	%	%	\$000	\$000
Cash	2.3	1.0	398	4
Balanced	6.2	8.4	7 448	626
	Average Return	Market Risk	Average FUM	Potential impact of market risk (+/-) on Income Statement
2018				
Investment option	%	%	\$000	\$000
Cash	2.7	1.2	363	4
Balanced	6.5	8.1	5 936	481

The statistics shown above are averages calculated over 10 years, net of investment management fees and gross of tax. These investment statistics have a 15 per cent tax rate applied and includes franking credits.

Market risk is a useful historical measure of the variability of returns earned by an investment portfolio. The market risk shown above represents the range at which actual future returns are expected to occur either side of the nominal return approximately two thirds of the time.

The dollar value of the potential impact on the Income Statement arising from the market risk is indicative only. The impacts are not additive across investment asset classes, as each asset class operates in different markets and is subject to different conditions.

Actual movements in returns may be greater or less than anticipated due to a number of factors, including unusually large market shocks resulting from changes in the performance of the economies, markets and securities in which the underlying trusts invest. As a result, historic variations in rates of return are not a definitive indicator of future variations in rates of return.

Super SA Select

(b) Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund.

The value of financial assets, included in the Statement of Financial Position represents the Fund's maximum exposure to credit risk in relation to those assets. The Fund does not have any significant exposure to any individual counterparty or industry. The credit risk is monitored by Funds SA through ongoing reviews of the investment managers.

The Fund does not have any assets which are past due or impaired and there is no concentration of credit risk.

(c) Liquidity risk

Liquidity risk is the risk that the Fund will not be able to meet its financial obligations as they fall due. The Fund's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its payment of benefits to members and liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation.

For the Fund's investments, Funds SA manages liquidity risk as follows:

- By giving careful consideration to the expected net cash redemption requirements of Funds SA's clients. The allocation to cash in the strategic asset allocation of each investment product is set at a level sufficient to manage expected cash redemptions.
- A large proportion of each investment product is invested in highly liquid investments such as actively traded equities, unit trusts or securities with short-term maturities.

For the Fund itself, the liquidity position is monitored on a daily basis. The Fund's cash and liquidity policy is to have sufficient cash balances to meet anticipated weekly benefit payments, expenses and investing activities.

The following tables summarise the expected maturity profile of the Fund's financial liabilities based on the earliest date on which the Fund can be required to pay. The amounts in the table are the contractual undiscounted cash flows.

2019	Less than 3 Months	Greater than 5 years	Total Contractual Cash Flows	Carrying Amount Liabilities
Financial liabilities	\$000	\$000	\$000	\$000
Benefits Payable	141	-	141	141
Loan	-	556	556	556
Payables ⁽ⁱ⁾	245	-	245	245
Vested benefits ⁽ⁱⁱ⁾	8 880	-	8 880	8 880
Total	9 266	556	9 822	9 822

2018	Less than 3 Months	Greater than 5 years	Total Contractual Cash Flows	Carrying Amount Liabilities
Financial liabilities	\$000	\$000	\$000	\$000
Loan	-	548	548	548
Payables ⁽ⁱ⁾	172	-	172	172
Vested benefits ⁽ⁱⁱ⁾	5 963	-	5 963	5 963
Total	6 135	548	6 683	6 683

- (i) Payable amounts disclosed here exclude amounts relating to statutory payables (e.g. Commonwealth, State and Local Government taxes, fees and charges; Auditor-General's Department audit fees).
- (ii) Vested benefits have been included in the "Less than 3 months" column, as this is the amount that members could call upon as at balance date. This is the earliest date on which the Fund can be required to pay members vested benefits, however, members may not necessarily call upon amounts vested to them during this time.

(d) Derivative financial instruments

Derivatives can be defined as financial contracts whose value depends on, or is derived from, assets, liabilities, reference rates or indices. Funds SA uses derivatives to manage portfolio risk and to facilitate the implementation of investment strategies efficiently and cost effectively. Funds SA uses a variety of derivative instruments, such as over the counter swap agreements, forward rate agreements, futures and options.

Derivatives are an authorised investment within certain mandates managed by Funds SA's external investment managers for the purposes described above.

Super SA Select

17. Segment information

The Fund operates in one reportable segment, being the provision of benefits to members. The Fund also operates from one reportable geographic segment, being Australia, from where its activities are managed. While the Fund operates from Australia only, the Fund, through its investment managers Funds SA, has investment exposures in different countries and across different industries.

18. Related parties

As detailed in Note 1, the Southern Select Super Corporation is a subsidiary of the Treasurer, pursuant to the *Public Corporations (Southern Select Super Corporation) Regulations 2012* (the Regulations), established under section 24 of the *Public Corporations Act 1993*, to act as Trustee of the Fund.

Related parties of the Corporation include all key management personnel and their close family members, all Cabinet Ministers and their close family members and all public authorities that are controlled and consolidated into the whole of government financial statements and other interests of the Government.
